

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

#	Title of Session (see detailed index below)	Mon	Tue	We	Thu	Fr	# of Poster
P1	Advances in Occupational Toxicology				10		10
P2	Accidents and advances for safe workplaces	5					5
P3	Africa: Occupational Health and Safety Issues		8				8
P6	Agricultural and Rural Health: Risks, Surveillance, and Solutions		10				10
P7	Allergy and Dermatoses				4		4
P8	Asbestos and Fibrous Materials: Problems and Solutions			11			11
P10	Biological Monitoring and Biomarkers			17			17
P11	Cardiovascular Disease and Work	16					16
P12	Child Labour			5			5
P13	Construction Health and Safety	11					11
P19	Economic and Ethical Dimensions of Occupational Health			8			8
P20	Education and Training in Occupational Health			9			9
P22	Epidemiology in Occupational Health				23		23
P23	Ergonomics at work			5			5
P25	Evidence Based Practice in Occupational Health	7					7
P26	Exposure Assessment, Modelling and Control	15					15
P29	Global Plan of Action for Workers' Health: Implementation of WHO and ILO Agendas			5			5
P31	Health for Health Care Workers	17					17
P32	Healthy Working, Healthy Living: Health Promotion and Protection				16		16
P36	Indoor Air Quality and Health	10					10
P37	Industrial Hygiene				16		16
P38	Infectious Diseases and Work					9	9
P40	Informal Sector and Small Scale Enterprises					4	4
P43	Metals: Exposures, Risks, and Toxicology		12				12
P44	Migrant Workers: Special Problems and New Solutions					4	4
P47	Musculoskeletal Risks, Disorder and Solutions	24					24
P50	Neurotoxicology and Psychophysiology			6			6
P51	Noise and Vibration Hazards at Work: Problems and New Solutions				9		9
P53	Occupational Cancer		8				8
P55	Occupational Health and Safety for Health Care Workers in Developing Countries		7				7
P58	Occupational Health Services: Innovative Practices and Lessons Learned			14			14
P59	Participatory Approaches to Workplace Health and Safety					9	9
P62	Psychosocial Factors at Work		35				35
P64	Reproductive Health			7			7
P65	Respiratory Diseases and Work		22				22
P66	Risk Assessment: Qualitative and Quantitative				21		21
P67	Working Hours and other social aspects of work					8	8
P73	Work Disability Prevention					19	19

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P1		Advances in Occupational Toxicology
P1.1	1428: A Adolf Vyskocil	Occupational ototoxicity of ethyl benzene
P1.2	1232: Mary Gulumian	An investigation into the surface activity of airborne particles in the Gold Mining environment
P1.3	1800: OA Aliyu	Occupational nitrous-oxide-induced Vitamin B deficiency: a case report in a dental hygienist
P1.4	2109: M Rauma	A new technique to assess dermal absorption of volatile chemicals in vitro by Thermogravimetric Analysis (TGA)
P1.5	2210: Chaolin Li	Study on comparability between our chemical toxicity test instruction and REACH relative criteria
P1.6	1968: AA Abdelhedi Adlene	Chronic intoxication due to trichloroethylene
P1.7	2223: A. Fink (previously 2223: FB Francois Burgher)	Hydrofluoric acid (HF): hazards, review of case reports, objective comparison of different washing solutions and two new models for eye (EVEIT and OCT) and human skin (BIO-EC) decontamination
P1.8	1784: X Tan	Detection of DNA damage in human buccal cells of the workers exposed to low concentration of carbon disulfide by comet assay
P1.9	2239: M Bogdanovic	Histopathological changes in rat liver after a single high dose of copper-oxide
P1.10	1539: Miranowicz-Dzierzawska	Toxicity of metabolites of the ethylene glycol ethers in in-vitro studies
P2		Accidents and Advances for Safe Workplaces
P2.1	1251: YCL Lu	Industrial Emissions and Control Technology
P2.2	1906: J. Lavoie	Respiratory protection against bioaerosols in dentistry settings
P2.3	2271: A Huršidić-Radulović (previously 2092: J Doko Jelinić)	Effect of modernisation to noise exposure in aluminium industry
P2.4	1630: Fauziah Nordin	Work factors and injury characteristics among occupational eye injury cases
P2.5	2306: P Vitte (previously 2314: I KUNDIIEV)	Epidemiology of Cataracts in Chernobyl Clean-up Workers Cohort
P3		Africa: Occupational Health and Safety Issues
P3.1	2351: YIA Cheddy Yousouf	Chemical Control Banding as an industrial hygiene tool for small and medium sized enterprises in Mauritius
P3.2	1120: G E Mizan	Occupational Health and Safety auditing: Reducing the fear factor
P3.3	1096: OH Okojie	The migration of nurses in Nigeria: can it be stemmed?
P3.4	1564: LJ Pretorius	Taking the lead to promote ethics in the occupational health care industry, relevant to OHSAS 18001 standards

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P3.5	1329: BAK Kandouci	Risks assessment and wood dust exposure health effects
P3.6	1584: T Barnard	Medical surveillance of heat exposed employees in a glass manufacturing company in South Africa
P3.7	2034: AJ Oosthuizen	A review of record keeping in an occupational health setting
P3.8	1937: Shumani Phaswana	Acute respiratory and associated symptoms among primary school children in rural KwaZulu-Natal
P6		Agriculture and Rural Health: Risks, Surveillance and Solutions
P6.1	1250: JLL Lu	Pesticide exposure and health assessment among vegetable farm workers in Benguet, Philippines
P6.2	1530: A Yassi	Critical evaluation of public health screening methods for floriculture workers in Ecuador and development of a low-cost test battery to monitor toxicity from chronic low-dose pesticide exposure
P6.3	1228: Abdoul Ka Touré	Applying pesticides in cotton fields: Risks, knowledge and practices in Senegal
P6.4	1212: Zhijun Zhou	Occupational pesticide exposure of country residents and potential health effects in China
P6.5	1212: Zhijun Zhou	Effect of Dimethoate on Monoamine Neurotransmitters of rats
P6.6	1141: D Rees	Silica exposure in South African agriculture
P6.7	2475: Benali Bennaceur	Occupational health in the field of agriculture in Morocco
P6.8	1394: Hinson Antoine Vikkey	The health of informal sector workers: The case of taxi drivers in Cotonu, Benin
P6.9	2536: CI Cornelio	Association between premature ageing and working conditions: a methodological approach.
P6.10	2549: MT Espinosa	Colombian agricultural experience and situation in safe use of pesticides
P7		Allergy and Dermatoses
P7.1	2172: S R Saptarshi	Identification and characterization of Parvalbumin in nine Australian fish species
P7.2	2574: NS Goddet	Immediate allergic reaction occurred in occupational setting: Case series study
P7.3	2128: Jkj Joergensen	Caustic burns after working with wet cement.
P7.4	1733: Kristiina Alanko	Occupational skin diseases, a follow-up study
P8		Asbestos and Fibrous Materials: Problems and Solutions
P8.1	2682: Tao Li	Current status in the use of Asbestos and health effects in China
P8.2	1290: Pietro Sartorelli	Asbestos exposure characterisation by mineralogical analysis of Bronchoalveolar Lavage Fluid
P8.3	2398: A.M. Zakrzewska	Occupational exposure to asbestos from Italian ophiolitic sites

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P8.4	2433: A Campopiano	Chemical and mineralogical characterisation of green stone in South Italy
P8.5	1521: D. Pelclova	Does way of breathing influence the level of markers in the exhaled breath condensate in patients with asbestos exposure?
P8.6	1183: G Hillerdal	Pleural plaques and lung cancer: A pilot study
P8.7	1661: M El Yamani	Assessment of occupational exposure to Man made mineral fibres in French workplaces
P8.8	2371: LC Alva	Safe use of Chrocydolite in Latin America
P8.9	2168: K.D. Dobashi	In-air micro-pixe analysis of metals in asbestos lung
P8.10	1223: T Tsutomu Hoshuyama	Worldwide mortality of asbestos-related diseases: An estimation using the regression model with historical asbestos consumption
P8.11	2306 P. Vitte (previously 2314: I KUNDIIEV)	PROBLEM OF SAFE USE OF CHRYSOTILE ASBESTOS IN UKRAINE
P10		Biological Monitoring and Biomarkers
P10.1	2509: L. Vimercati	Occupational exposure to inorganic arsenic in a disused industrial plant in Manfredonia, Southern Italy.
P10.2	1757: AM Hansen	Do high job demands and poor sleep affect morning and evening cortisol concentrations?
P10.3	2451: L Campo	An automatic SPME GC/MS assay to measure mono e dihydroxy naphthols in human urine
P10.4	2361: T. Göen	Biological monitoring of exposure and effects to selenium in workers of the selenium processing industry
P10.5	2377: I. Sari-Minodier	Toxicokinetic modelling to assess the impact of workload on exposure indicators of toluene and n-hexane
P10.6	1055: C Viau / Marie	Tissue kinetics of benzo(a)pyrene and 3-hydroxybenzo(a)pyrene in rats following intravenous administration of the parent compound
P10.7	2428: B Papaleo (previously 2431: A Pera)	Use of beta-cyclodextrin for separation of three urinary metabolites of xylene in HPLC/DAD: Application for biomonitoring
P10.8	2428: B. Papaleo	Salivary styrene as a biological marker of exposure to styrene: a rapid and accurate HPLC/DAD method
P10.9	2337: BAG Jonsson	Do fatty acid amides have a protective effect against welding fumes?
P10.10	1994: J. E. Tudón	Biological monitoring of fluorohydric acid in workers of an Alkilation plant in a petroleum refinery
P10.11	2010: T. Geens	Comparison of personal, static and biological sampling techniques for occupational monitoring of sevoflurane
P10.12	2106: D. Cavallo	Biomarkers of DNA damage in exfoliated urinary cells of workers exposed to aromatic amines in a rubber industry

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P10.13	1255: I Naik	Urine Organophosphate metabolite levels in occupationally unexposed urban and rural women in South Africa.
P10.14	2076: Weiping Zhang	Validation of urinary Trichloroacetic Acid as a biomarker of exposure to drinking water disinfection By-Products
P10.15	1361: S Fustinoni	S-phenylmercapturic acid vs. urinary benzene as biomarkers of exposure to benzene
P10.16	1631: C-G Ohlson	Inflammatory biomarkers and inhalable particles in industrial settings
P10.17	2593: Wenbin Miao	Micronucleus occurrence related to Base Excision Repair Gene Polymorphisms in Chinese workers occupationally exposed to vinyl chloride monomer
P11		Cardiovascular Disease and Work
P11.1	2028: A L Andreas Lundin	Unemployment and cardiovascular mortality - a longitudinal study on the Swedish 1969 conscript cohort
P11.2	2470: K Hata	Relationship between cardio-ankle vascular index (CAVI) and smoking in Japanese male workers
P11.3	1507: C Paulet	The "heart" of our companies – Health and the Belgian worker
P11.4	2335: IF Groeneveld	Lifestyle interventions at the workplace: A systematic review.
P11.5	1689: C Bigert	Myocardial infarction and occupational exposure to motor vehicle exhaust - preliminary findings from updated exposure measurements in a population-based case-control study in Stockholm, Sweden
P11.6	1354: J ROH	The workplace cardiovascular disease prevention program and its short-term effects in Korea
P11.7	1974: J Siedlecka	Blood pressure monitoring during tram driver's work
P11.8	1971: J Ha	The magnitude of the mortality from Ischemic Heart Disease attributed to occupational factors in Korea
P11.9	1579: JH Focka Focka	Cardiovascular risks among people in active service and sedentary persons in Bafoussam (Republic of Cameroon)
P11.10	1248: A Descatha	Implementation of Automated External Defibrillators in the workplace: A review of literature
P11.11	2119: Sarat Kuma Sahoo	Targeting executives at risk: Metabolic Syndrome, Prehypertension ,Time to Move on
P11.12	1742: Martina Piasek	Blood pressure surveillance in working population in Croatia. Prevalence and control rate of hypertension
P11.13	1894: A. Bortkiewicz	Health effects of work in GSM call centres
P11.14	2297: AK Khuwaja	Preventable cardiovascular diseases risk factors among family physicians in Pakistan: Are they associated with longer working hours?
P11.15	3238 A Pimenta (prev 2489: HJ Matos)	Coronary disease risk evaluation using Framingham Risk Assessment in petroleum workers in Brazil.

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P11.16	3238 A Pimenta (prev 2489: HJ Matos)	Mortality due to ischemic heart disease among petroleum workers in Brazil.
P12		Child Labour
P12.1	1699: Leonardo Briceno	The Colombian policy in prevention of Child Labour
P12.2	2910: F Boccuni (prev 2324: M Petyx)	Development of an educational programme for schools focused on Child Labour
P12.3	1744: Dr M Kamalifard	Child Labour Safety: Education programme in Tehran
P12.4	1612: Cristiane Silveira	Children and adolescents victimized by occupational accidents in Brazil
P12.5	1523: B. Nemery	Pilot study of adverse respiratory effects in working children in Pakistan
P13		Construction, Health and Safety
P13.1	2467: Tahri Loubna	Health and safety management system: interest and methodology
P13.2	2548: R Sulaiman	The Potential of Contract Document as Part of Occupational Safety and Health Management System in Construction Industry
P13.3	2545: EA Pauncu	Health status in road construction workers in a Romanian enterprise
P13.4	2261: PE Cirla	Exposure to Polycyclic Aromatic Hydrocarbons (PAH) in roofers: an Italian multicentric study
P13.5	1925: Bernd Hartmann	Musculoskeletal Disorders in Construction workers: a follow-up
P13.6	2180: Andrea Antonucci	Safety in construction yards: Perception of occupational risk by Italian building workers
P13.7	1450: MC Felix	Occupational Safety and Health Management in the construction Industry - A model of prevention program for in site construction
P13.8	2356: J Cruz	Safety principles in the use of Thermography for maintenance of industrial facilities
P13.9	1108: JDY Dyreborg	Regulatory styles and the perception of causal factors in the enforcement of construction safety.
P13.10	1083: Jovica Jovanovic	Age differences in occupational injuries in the construction industry in the period of transition
P13.11	2394: PJM Matavele	The application of natural ventilation to reduce Silica Dust exposures in construction industry
P19		Economic and Ethical Dimensions of Occupational Health
P19.1	2204: BT Tobias	Implementation of QuantiFeron Gold testing for TB in a University Medical Center
P19.2	2514: R Pana-Cryan	Economic research in NIOSH
P19.3	1993: Aida Fajardo	Health and Safety self management programs in Mexico

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P19.4	2343: Mônica Bonagamba Chiodi	Diagnosis, impact on productivity, and costs of work accidents in Brazil
P19.5	2154: A.Gurhan Fisek	Migration of Occupational Injuries
P19.6	1625: BL Meel	Post-retrenchment of mineworkers: A poor quality of life in Transkei, South Africa.
P19.7	2564: R. Mendes	Promoting the institutional strengthening of ICOH, as a Global actor, visible and respected: Some feasible proposals and recommendations.
P19.8	2411: Rachna Gupta	Occupational diseases and injury are grossly underreported in India: Reasons and recommendations
P20		Education and Training in Occupational Health
P20.1	1297: MHPM Marziale	Job delineation research with occupational health nurses in Brazil
P20.2	1625: BL Meel	Asbestos induced lung carcinoma and compensation in the Transkei region of South Africa.
P20.3	1770: G Lagerström	Work and technology on human limitations
P20.4	2178: R Jakobsson	Safety, health and working conditions: a new learning model for distributed learning
P20.5	2213: Jun Ren	The study of AIDS health education project for a offshore oil enterprise staff
P20.6	2088: GM Molina	Workers training in occupational safety and health in Chile.
P20.7	2163: E. Takahashi	Career awareness and the background factors which affect the evaluation of career awareness in Occupational Health Nurses
P20.8	1743: Daniele Thuaire	www.bossons-fute.fr a website dedicated to health and safety at work
P20.9	2208: NNR Ngatu Nlandu Roger	View-box seminar as a tool to improve Physicians' skill in reading Chest radiographs related to Pneumoconiosis
P22		Epidemiology in Occupational Health
P22.1	1745: A.F. Lenderink	A tailored intervention to improve occupational physicians reporting of occupational diseases: a randomized controlled trial
P22.2	1737: T Lund	Using administrative data in occupational health research – the DREAM study
P22.3	1812: M Labriola	The impact of ergonomic work environment exposures on the risk of disability pension. Prospective results from DWECs/DREAM.
P22.4	1610: D. Engelaar	OSAS prevalence in a group of 60 Flemish (Belgian) truckers
P22.5	1669: C Jansson	Gastroesophageal reflux disease in relation to adverse psychosocial working conditions: a population-based study
P22.6	1654: T S Rubak	Physical exposure at work as a risk factor for primary hip osteoarthritis requiring surgery

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P22.7	1776: O Leijon	Prevalence of low back pain and concurrent psychological distress
P22.8	1922: M Garcia Gomez	Evolution of the Occupational Diseases compensation in Spain in the period 1990-2007
P22.9	1458: YR Yves Roquelaure	Surveillance program of work-related diseases (WRD) in France: Results 2007
P22.10	2105: SJ Hutchings	Estimation of the future burden of cancer in Great Britain due to occupation.
P22.11	1407: E. PIRA	An updated analysis of bladder cancer mortality of workers exposed to aromatic amines
P22.12	2319: B Meding	Does tobacco smoking influence the occurrence of hand eczema?
P22.13	2521: I Guseva Canu (previously 2097: S Jacob)	Variation of morbidity in a population of French nuclear workers
P22.14	1565: KTH Hegmann	Musculoskeletal Disorders Consortium of cohort studies for the study of CTS risk factors
P22.15	2439: S Liou	Genotoxic effect and oxidative damage among 4,4'-methylenebis (2-chloroaniline) (MBOCA)-exposed workers
P22.16	2457: RAA Dantas	Voice of the Professor versus Dysphonia: focus on fundamental and first grade school teaching.
P22.17	2404: S Horie	Reduction of mortality at workplaces with fulltime assignment of occupational physicians in Japan
P22.18	2521: I Guseva Canu (prev 2486: KL Klervi Leuraud)	A multifactorial study of lung cancer mortality in French uranium miners: radon, silicosis and cigarette smoking
P22.19	1050: EZ Zuskin	Respiratory and immunologic findings in fish processing workers
P22.20	2331: R. Ali	Workplace injury and risk reduction practice
P22.21	2142: PC Canney	Relationship between occupational health and safety key elements and accident rates: A multivariate analysis
P22.22	1747: D Spreeuwiers	Time trends and blind spots: What employers, employees and policymakers want to know about occupational diseases
P22.23	1397: DS Rebergen	What do we know about work-related risks and work participation for six relevant diseases?
P23		Ergonomics at Work
P23.1	1420: A. E Lindegård	Biofeedback training and ergonomic information as a method to improve working technique reduce exertion and pain among young computer users: A randomised controlled intervention study.
P23.2	1504: NMC Alexandre	Psychometric evaluation of a Job Factors Questionnaire among metallurgic workers
P23.3	2096: S Maso	Work related musculoskeletal disorders in nursery teachers

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P23.4	2523: M Goebel	Does a weight support sling may help to reduce lower back strain of sheep shearers?
P23.5	2304: Ursula Hyrkkänen	Mobile work - assessing the complexity and work load factors as a challenge for occupational health care
P25		Evidence Based Practice in Occupational Health
P25.1	2490: S Olifson	Setting research priorities in Occupational Health: Recommendations from a panel of experts
P25.2	1583: J TAMIN	Management of Varicella Zoster Virus in the Workplace: a National Guideline
P25.3	1537: AD Butkovic	Assessing the quality of PTAC audiometry testing in the occupational health setting.
P25.4	1464: K E Michell	Retaining quality in occupational spirometry programs.
P25.5	1845: M. Nakata	The need for establishing an Evidence-Based statistics system for Occupational Accidents and Diseases
P25.6	1422: N Mngoma	An Analysis of the Return-to-Work Process within the South African Context: Perspectives from Clinical Practice
P25.7	2019: CTJ Hulshof	Evaluation of a guidance document on inclusion of work and health in multidisciplinary clinical guidelines
P26		Exposure Assessment, Modelling and Control
P26.1	2261: PE Cirla	Benzene exposure at service stations: preliminary results of an Italian study in Lombardy
P26.2	2430: T Kraus	Retrospective exposure assessment to airborne Asbestos
P26.3	1987: Marie Lewne	Development of a job-exposure-matrix (JEM) for motor exhaust exposure- combining historical exposure profiles for three different occupations with expert derived exposure adjustment factors
P26.4	1763: G Sallsten	Evaluation of a diffusive sampler, SKC 575-002, in the laboratory and the field for measuring halogenated anaesthetic compounds.
P26.5	1825: TLG Guidotti	Wood dust levels in Alberta sawmills
P26.6	2051: M. Carrieri	Environmental and biological monitoring of exposure to benzene in a petrochemical plant
P26.7	2271: A Huršidić-Radulović (previously 2092: J Doko Jelinić)	Safety and health at work in a foundry
P26.8	2262: Y-C Tseng	Exposure to chemicals associated with education or research among college students in Taiwan
P26.9	1930: W Songkham	Occupational hazards and health status among Pottery workers in Chiang Mai Province, Thailand
P26.10	1792: N Plato	A model to calculate historical diesel motor exhaust levels in a case-control study of lung cancer

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P26.11	2368: B Rossbach	Internal and external exposure in workers exposed to Aluminium containing welding fumes
P26.12	1779: P Madeleine	Discomfort and work experience influence the size and structure of movement variability during deboning work
P26.13	1936: DP Duquenne Philippe	Emission of bioaerosols during dry-sausage production and associated biological risks
P26.14	2120: R Ayyappan	Identifying the areas of high particulate emission in an automotive assembly plant using GIS (Geographical Information System)
P26.15	2222: S Føreland	Developing a retrospective job-exposure matrix for the Norwegian silicon carbide industry
P29		Global Plan of Action for Workers' Health: Implementation of WHO and ILO Agendas
P29.1	1531: J Spiegel	Applying a conceptual model to monitor globalization's impact on occupational health and safety AND orient response: Two case studies
P29.2	2352: S Kolb	Occupational Health crossing borders: Experiences from the first international summer school on occupational health in Munich
P29.3	1586: C Mwanza	Elimination of silicosis in Southern African Development Community (SADC)
P29.4	1709: YS Samant	Electronic-reporting of work related diseases to the Norwegian Labour Inspection Authority (NLI) - A feasibility study
P29.5	1709: YS Samant	The Norwegian Labour Inspectorate's registry for work -related diseases - A sentinel health event model
P31		Health for Health Care Workers
P31.1	1566: K.N. Campbell	Occupational Health Nurses: Considering health through the life span
P31.2	1253: Koffi Kara-Peketi	Prevalence of accidents involving exposure to blood among health personnel in Togo
P31.3	2174: HK Puar	Prevalence of myopia in microscopists in Singapore
P31.4	1825: TLG Guidotti	Occupational injuries among Emergency Medical Services personnel
P31.5	2078: Paola Castellano	Occupational exposure to "emerging contaminants" during maintenance operations in sewage systems of oncological wastewaters
P31.6	1147: DO Mabe	The relationship between total protein and total allergen content of latex products used in dentistry
P31.7	2403: A.S. Zapparoli	Health promotion at work in hospitals: interventions for appropriate glove use
P31.8	2283: LE Nophale	Building healthcare worker capacity to reduce the transmission of infectious disease: A South African-Canadian collaboration in education and training

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P31.9	1784: X Tan	Sleep quality and its influence factors among the nurses in China
P31.10	2053: I Govender	Stress among General Practitioners of Kwa-Dukuza, Kwa-Zulu Natal
P31.11	2010: T Geens (prev L Braeckman)	Impact of the effort-reward imbalance model on intent to leave among Belgian health care workers: a prospective study
P31.12	2909: P Dionisi (prev 2326: S Iavicoli)	The changing world of work in nursing sector and impact of migration
P31.13	2472: Wifaq Kamal	Study of the influence of night work and stress at work on the plasma lipids rate of the health care personnel working in an emergency department
P31.14	2525: F Draicchio	Comparison between numerical and non numerical techniques for health care manual material handling risk assessment
P31.15	1751: Junming Dai	Association job stress with depressive symptom among Shanghai community health care service workers
P31.16	1840: Yucel Demiral	Association of occupational stress, social support and work accidents in nurses
P31.17	3200: Christoph Kowalski	Burnout in health professionals - the example of health care for persons with disabilities
P32		Healthy Working, Healthy Living: Health Promotion and Protection
P32.1	2326: S Iavicoli (prev 2324: M Petyx)	Non-occupational exposure to benzene and lifestyles
P32.2	2543: JYH jungyeon	Case control study on the hearing loss of the Subway workers
P32.3	2375: MD PhD Olmezoglu	Relation of occupational and all kinds of injuries for workers in four different sectors in Izmir, Turkey
P32.4	2463: C Wårnå-Furu	Virtues as an entrance to workers' spiritual health
P32.5	2089: P Parikh	'Apparently' healthy urban Indian adults – Are we really fit?
P32.6	2342: Gagliardi (prev 2341: TP Baccolo)	Check list for the verification of first-aid procedures at the workplace
P32.7	1414: A van der Merwe	Wellness solutions: The evolution of conscious health promotion
P32.8	1226: L Mammino	Natural or forced ventilation: The right to choose
P32.9	1573: R. Kowalski	Threats to the American workforce - aging, obesity, and smoking: occupational health nurses - actions and ability to impact these trends
P32.10	1956: Robison S Rosa	Promotion of health: Program to combat tobacco use in a metallurgical company
P32.11	1956: Robison S Rosa	Promotion of Health: Program for weight control in a metallurgical company
P32.12	2232: A V Sallis	Civil Servants experiences of depression and employment: An interpretative phenomenological analysis

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P32.13	2545: EA Pauncu	Scoliosis: Occupational health problem
P32.14	2342: D. Gagliardi	What kind of smoking ban to protect workers' health? An international survey of antismoking regulations compared with Italian laws.
P32.15	1888: LI Zungu	An integrated approach to workplace health promotion (WHP): A review from international experience
P32.16	2250: D. Samoocha	Can an interactive website empower disability claimants?
P36		Indoor Air Quality and Health
P36.1	2140: Paolo Marraccini	Exposure to chemical, biological and physical agents in office: Evaluation of the environment and conditions of health in bank employees
P36.2	1352: Masatoshi Tanaka	Indoor air condition in office buildings and the recommended levels in Japan
P36.3	2122: S. Urushidani	Study of effects of enclosed spaces (with or without ventilation) on cardiovascular and autonomic nervous functions and subjective symptoms
P36.4	1109: H.J. Salonen	Formaldehyde concentration and irritant potential in 23 Finnish office buildings
P36.5	1547: T C Berelowitz	An 11 Year Medial Surveillance Study of Employees Exposed to Glycerol Polyglycidyl Ether (GPE)
P36.6	1647: BL Curvers	Lipoatrophia Semicircularis: a new office disease in relation with ESD
P36.7	1280: H Anundi	Exposure to benzene and PAH during electrosurgery
P36.8	1363: Małgorzata Golofit-Szymczak	Bacterial and fungal contamination of air-conditioned office buildings in Warsaw, Poland
P36.9	1146: T S Singh	Systemic endotoxin levels: an indicative marker of occupational airborne endotoxin exposure in dental settings
P36.10	3340: M Borra (prev 1938: A Mansi)	Study on the efficacy of UVC emitters in inactivating Aspergillus fumigatus spores
P37		Industrial Hygiene
P37.1	2398: A.M. Zakrzewska	Exposure to inhalable wood dust in the Italian furniture factories
P37.2	2433: A Campopiano	Study of some manmade organic fibres
P37.3	1702: P Berg	Exposure to inhalable, respirable and ultra fine particles in Swedish Industry
P37.4	1399: KAR Renton	Occupational Hygiene monitoring: The importance of observations
P37.5	1234: Małgorzata Trzcinka-Ochocka	Assessment of occupational exposure to lead in Poland
P37.6	1704: D. Kondej	A study on dusts containing metals and their compounds for the assessment of their influence on model lung surfactant

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P37.7	1754: I. Szadkowska-Stanczyk	Short term effects of occupation-related endotoxins on workers' lung function
P37.8	2050: M.L. Scapellato	Size and chemical characterization of particulate matter in Padova (Italy) urban air
P37.9	1460: Marek Dobecki	Proficiency testing scheme (PTS) for industrial hygiene laboratories in Poland
P37.10	1260: M Jahangiri	Risk perception, knowledge and safety attitude and hearing protection use in Petrochemical industry's workers
P37.11	1260: M Jahangiri	Industrial hygiene programs in Iranian Petrochemical industries
P37.12	2170: S-H Lee	Exposure monitoring and regulatory impact analysis (RIA) of trichloroethylene (TCE) for occupational exposure limit (OEL) revision in Korea
P37.13	1230: A Spies	Respirator fit testing in South Africa
P37.14	2245: J-E Karlsson	Welders' exposure to respirable dust, metal fume and ozone
P37.15	1687: KG Grahm	Chemical Substances
P37.16	1160: TM Maswabi	Assesment of total and respirable dust in a nickel mine at Francistown city
P38		Infectious Diseases and Work
P38.1	2342: D. Gagliardi	Zoonosis from mice and rats: risks for safety and health of exposed workers and preventive measures
P38.2	2010: T. Geens	Zoonotic risk of Chlamydophila psittaci for workers in poultry slaughterhouses
P38.3	2390: OM Gargouri	Assessment of the practices for treating and preventing mycosis in the food sector
P38.4	2030: V Caron	Zoonosis in occupational environment : collection of data sheets
P38.5	2293: S. Praveen Sharma	Occupation and MRSA
P38.6	2282: L Dybka	British Columbia facial protection compliance and perceptions of comfort regarding respirators and protective eyewear.
P38.7	1809: R Junco	Occupational exposure to blood, body fluids and sharps among Cuban healthcare workers in a paediatric hospital.
P38.8	2062: HHC Quah	Prevalence of latent Tuberculosis in Singapore Mortuary workers
P38.9	1530: A Yassi	Phase 1 Assessment of Infection Control and Occupational Health Program Needs for a Large Ambulatory Care Centre
P40		Informal Sector and Small Scale Enterprises
P40.1	2275: HT Horacio Tovalin	Outdoor workers exposure to toxic air pollutants in Mexico City Metropolitan Area
P40.2	1433: T Ikeda	Development of the support method of the participatory health practice among workers in Small Scale Enterprises

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P40.3	1888: LI Zungu	A case report on occupational health hazards faced by street vendors: A South African Perspective
P40.4	1841: R Naidoo	Informal Stonecrushers and respiratory disease in Tanzania
P43		Metals: Exposures, Risks and Toxicology
P43.1	1844: EM De Capitani	Hard metal disease: Clinical presentation, occupation and diagnostic aspects of three typical cases
P43.2	1700: Hung-Yi Chuang	The effects of blood lead and HFE polymorphism on serum iron and RBC Mean Corpuscular Volume among Lead workers in Taiwan
P43.3	1616: Verlinden Nicolas	Biological monitoring of nickel workers and hazard protection effects
P43.4	1704: D. Kondej	The method of determination of metals in dust fractions using atomic absorption spectrometry
P43.5	1933: A Pizent	Prostate-specific antigen (PSA) in serum in relation to blood lead concentration and alcohol consumption in men
P43.6	1875: TR Tihgomir Ratkajec	How to decrease to exposure of crystal glass-cutters to lead?
P43.7	1364: Lidia Zapor	Cytotoxicity of nickel compounds on A549 cells.
P43.8	3007: Y-H Hwang	Distributions of eighteen metal levels in umbilical cord blood in Taiwan
P43.9	1275: KS Sato	Direct effect of beryllium (Be) on citrate uptake by isolated rat renal brush border membrane: C specific binding of beryllium with citrate
P43.10	1865: Milan Tucek	Mercury health risks : History and current situation in the Czech Republic
P43.11	1939: M Aqiel Dalvie	Human health impacts associated with environmental exposure to chromium six in Merebank, Durban.
P43.12	3427: A Alimonti (previously 1988: I Iavicoli)	Environmental and biological monitoring of rhodium
P44		Migrant Workers: Special Problems and New Solutions
P44.1	2301: YK KIM	Occupational injury of Migrant workers in South Korea
P44.2	2435: IGC Carneiro	The relationship between sickness absence, health and psycho-social work environment: minorities in perspective
P44.3	2410: Lumie Rumi Kurabayashi	Help-seeking behaviour in mental health among Immigrant employees and their families in Japan
P44.4	1961: E Ronda (prev 2166: AA Agudelo-Suarez)	A qualitative approach about discrimination in Immigrant workers in Spain
P47		Musculoskeletal Risks, Disorders and Solutions
P47.1	1170: Alireza Dehdashti	Reducing musculoskeletal disorders among Dental Operators
P47.2	1744: M Kamalifard	The effects of exercise training on different aspects of musculoskeletal disorders and health in labours

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P47.3	1935: MT Driessen	Stay@Work: Participatory Ergonomics to prevent low back and neck pain among workers: design of a randomised controlled trial to evaluate the (cost-)effectiveness [ISRCTN27472278]
P47.4	2183: J Leppilahti	Role of fixation and postoperative regimens in long time outcome of chevron osteotomy of hallux valgus: A randomized controlled trial
P47.5	2084: V Liliana Rapas	A small company management model for the prevention of musculoskeletal disorders
P47.6	1743: Daniele Thuairé	Musculoskeletal risks: Prevention in services activities in small companies in France
P47.7	1222: ET Emmanuelle Turpin-Legendre	A model for an "acceptable" frequency of repetitive tasks
P47.8	1685: S Naidoo	Musculoskeletal pain in women working in small-scale agriculture in South Africa
P47.9	1975: B Schumann	Lifestyle factors and risk of lumbar disc disease considering effect modification by physical workload - a multicenter case-control-study EPI LIFT
P47.10	2102: J.C. Jensen	The Odder Project: Predictors of care seeking with musculoskeletal pain
P47.11	1440: F.C.T. Freitas	The health of industrial Dressmakers: Kinesiological and symptomatological assessment
P47.12	2315: AN Ofili	Prevalence of low back pain and its associated factors among nurses in government hospitals in Benin-City, Nigeria
P47.13	2385: EJ Abbah	Impact of hand or wrist pain on work function among workers performing hand intensive work
P47.14	1657: David Rempel	The San Francisco prospective study of hand/wrist disorders among Blue Collar workers
P47.15	1920: LER Rocha	Risk factors for musculoskeletal symptoms among call centre operators in Sao Paulo, Brazil according to upper limbs location
P47.16	1863: HA Nguyen Thu	Static posture and low back pain in Sewing workers
P47.17	1252: BM Nyantumbu	Musculoskeletal disorders in nurses and bank workers in South Africa
P47.18	2162: WMS Johnson	Evaluation of the work-relatedness of upper-extremity musculoskeletal disorders among different occupational sectors in an industrial town in TamilNadu, South India – a pilot study
P47.19	2153: A Klusmann	Individual and occupational risk factors for knee osteoarthritis: First results of a case control study
P47.20	2525: F Draicchio (prev 2517: A. Ranavolo)	Coordination patterns assessed by a continuous measure of joints coupling during upper limb movements
P47.21	2523: M Goebel	Interaction of body posture and manual task performance on musculoskeletal workload

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P47.22	2545: EA Pauncu (prev 2565: FLORINA GE GHERMAN)	The aspects of MSD at patients from Occupational Health Department, Timisoara
P47.23	1890: SG Skousgaard	Occupational and environmental risk factors for knee osteoarthritis: A register-based co-twin case-control study
P47.24	1471: JP Haahr	Correlates of work, individual health factors and improved regional musculoskeletal pain
P50		Neurotoxicology and Psychophysiology
P50.1	2300: Sung-Soo Lee	Santa Ana dexterity test and Purdue pegboard test for evaluation of manual dexterity in lead workers
P50.2	1916: Z Holtman	Neurobehavioral effects of pesticide exposure among emergent farmers
P50.3	2512: E. Sovcikova	Environmental burden with PCBs and cognitive deficits in small children.
P50.4	2439: S Liou	Neurological effects in welding workers exposed to manganese fume
P50.5	1298: Chanon Kongkamol	Comparative study of cognitive functions between workers exposed and workers not exposed to mixed organic solvents in Samut Prakan Province, Thailand
P50.6	1953: N.U. Pawlas	Effects of exposure to solvents and noise on postural stability of workers: Polish results of the NoiseChem project
P51		Noise and Vibration Hazards at Work: Problems and New Solutions
P51.1	2545: EA Pauncu (previously 2565: FLORINA GE GHERMAN)	Noise exposure and health status of exposed workers in city of Timisoara
P51.2	1917: P. Palermo	Stroop test and urban traffic noise-exposed workers
P51.3	2407: Kamjad Ramakul	Noise-induced hearing loss among villagers living near Suvarnabhumi International Airport Thailand
P51.4	1944: P.N. Pietro Nataletti	The Italian vibration database on the internet
P51.5	1318: U.B. Rosenhall	Interaction between Noise-Induced Hearing Loss and Ageing. Is there an increased or decreased risk for hearing decline, or both?
P51.6	2323: Ta-Yuan Chang	Chronic effects of occupational exposure to aircraft noise on hypertension
P51.7	2447: Masazumi Kakei	Occupational noise exposure through headphones among workers composing Mobile-phone ringtones and Karaoke music
P51.8	1672: R. Sauni	Quality of life (EQ-5D) and exposure to hand-arm vibration in Finnish metal workers
P51.9	2363: R Facci	Noise-Induced Hearing Loss among Brazilian workers
P53		Occupational Cancer
P53.1	2549: MT Espinosa	Specific Job-exposure matrix for IARC agents (group 1 and 2 A) related with 10 types of cancer (MEL AGE CAR-10) for Colombia

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P53.2	2308: A. Kuntz	Occupational exposure assessment to urinary bladder carcinogens: the implementation of a questionnaire to assist Urologists in France, 2008
P53.3	2426: P. Lecoq	A tool to support the substitution of CMR substances
P53.4	1691: Ove Bjor	A long-term follow-up study of mortality and cancer incidence in a cohort of workers at a Primary Aluminium Smelter in Sweden
P53.6	2000: I Veyalkin	Does an occupation at a tannery promote pancreatic cancer?
P53.7	2177: S Mattioli	Pharyngeal cancer and co-exposure to asbestos and bitumen fumes: a cohort study
P53.8	2009: V Rafnsson	Exposure of commercial aircrews to cosmic radiation
P53.9	1880: AC Olsson	Pooled analysis of diesel motor exhaust and lung cancer in European case-control studies
P55		Occupational Health and Safety for Health Care Workers in Developing Countries
P55.1	1721: Metin Picakciefe	Relationship between socio-economic status, work related conditions and level anxiety of health workers in primary health care
P55.2	2432: Abdeljalil EL KHOLTI	Occupational health in the Public Health Care sector in Morocco
P55.3	1992: Naesinee Chaiear	Supervisors' awareness of Occupational Health and Safety policies in a Faculty of Medicine in Thailand
P55.4	1438: L.A. Alves Liliana Amorim Alves	The perception of University professors and speech therapists front of vocal parameters of the professors
P55.5	1612: Cristiane Silveira	Occupational accidents among women during emergency care at a hospital .
P55.6	1253: Koffi KARA-PEKETI (prev 2185: Pandao Fèyèkpawè)	Strategy for prevention of risks in the workplace: Role of labour securistes Lifeguards
P55.7	1440: F.C.T. Freitas	Health disorders of workers who sought hospital service
P58		Occupational Health Services: Innovative Practices and Lessons Learned
P58.1	2212: Irene Stojcic	A tool for workers who travel for their job
P58.2	1665: SL Lood	Description of level of competence in post graduate education of Occupational Health Nurses in Sweden
P58.3	2400: T L S Silva	Occupational health actions in Primary Care
P58.4	2653: Simo Kaleva	Strategies and methods of health education and communication in Occupational Health Services (OHS)
P58.5	2054: V Herrera-Moreno	Basic Occupational Safety and Health Services in Chile - 2008
P58.6	2057: M.C. Pantano	Clinical assessment and follow-up in occupational health in Argentina
P58.7	1819: Claudio Taboadela	Workers compensation system in Argentina

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P58.8	1400: EA Kim	Medical screening system for occupational disease: 6 year experience of Korea
P59.9	2154: A.Gurhan Fisek	The best practice on raising public awareness for Developing Countries
P58.10	1040: D Moyo	Implementation of an Occupational Health Management system in a new mine in Botswana
P58.11	2084: V Liliana Rapas	The "Biological Limit Values" in occupational health surveillance practice in 2007
P58.12	1527: A Augustine DIDAGBE LOKONON	Occupational Health Nurse Practices in order to have integration between preventive and curative care
P58.13	1969: A.B.A. Neves	The profile of outpatients assisted at Minas Gerais Occupational Health Reference Center (CREST) - Brazil from January 2002 to December 2007
P58.14	1106: M. Rentrop	Prophylaxis in Occupational Medicine
P59		Participatory Approaches to Workplace Health and Safety
P59.1	1531: J Spiegel	Occupational health needs in a community Wool Mill in the High Andes of Ecuador
P59.2	2318: Ph. Mairiaux	Impact of participatory risk assessment approaches on occupational health professionals' attitudes and practices
P59.3	2465: kenza kahlain	Assets and shortcomings of the Moroccan labour code
P59.4	2342: D. Gagliardi (prev 2341: TP Baccolo)	Things to do for a smoke-free workplace
P59.5	2391: Susanne Schunder-Tatzber	Health Circles: A tool for work place health promotion in the Oil Industry
P59.6	2229: S Pingle	'Sustainable OSH- the CASH model'
P59.7	1629: GAH Heussen	PIMEX: an innovative tool for risk communication
P59.8	1673: ZP Zofia Pawlowska	Implementing employee participation in occupational safety and health management
P59.9	1891: M Antman	How to commit more people to working with preventive working environments
P62		Psychosocial Factors at Work
P62.1	2147: HR Kim	The effect of job stress on unemployment
P62.3	1898: E. Gadzicka	Cardiovascular reaction to stress in ground Airport workers
P62.4	2165: A Toomingas	Stress, energy and psychosocial conditions in Call Centres
P62.5	1422: N Mngoma	Clinical profile of injured workers with low back pain on admission to a Return-to-Work rehabilitation program
P62.6	2072: M Blond	Work load, stress and blood pressure
P62.7	2526: G De Vito	Nursing performance and absenteeism in hospital

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P62.8	2535: Linda Kaerlev	Non-responder analyses in studies of occupational and psychosocial stressors in relation to outcome measures such as psychiatric disorders.
P62.9	2453: U Carbone	The burden of gender and social conditions on work stress related disorders
P62.10	2519: L Di Giampaolo	Needs formation analysis starting from occupational stress evaluation in a industry
P62.11	A Tsutsumi	Effect of occupational stress across differentiated occupational classes among Japanese workers
P62.12	1840: Yucel Demiral	Psychometric properties of job satisfaction scale: A scale development trial
P62.13	2438: HC Kim	Depressive symptoms as risk factor for common colds among employees : 4-month follow-up study
P62.14	2428: B. Papaleo	Accidents at work and the Italian press: a qualitative survey
P62.15	1768: V Ng	Do medical undergraduates perceive stressors and stress levels differently from science undergraduates
P62.16	2418: K K khatab	Buffering work stress through psychological hardiness: Construct validation of a hardiness measure
P62.17	3096: J Holopainen (previously 1788: Tuula Eloranta)	Absences due to illness and the quality of working life in the Finnish food industry
P62.18	2330: T Haratani	Job stress and depression in information technology workers
P62.19	2268: E Lucero-Prisno	The interplay of stress and work as experienced by Filipino Seafarers
P62.20	2296: HC Ryou	Post traumatic stress symptoms and related factors in fire fighters
P62.21	2140: Paolo Marraccini	Evaluation of parameters related to mental fatigue, monotony and job load in the bank business.
P62.22	1380: Roberto Lucchini	An integrated model for the assessment of stress-related risk factors in Health Care professionals
P62.23	3332: M Dollard (prev 2408: Z Hassan)	Community influences in work-family interface in Malaysia : An exploratory study
P62.24	1671: KS Skoglund	Implementing the European framework agreement on work-related stress in the Swedish labour market
P62.25	1650: Maria Rautio	Psycho-social problems as a challenge in occupational health service
P62.26	1739: M. Gamperiene	How do work environment factors influence health and sickness absence in Norwegian kindergartens?
P62.27	1718: E Vancu	Psychological and social reintegration of patients with amputated lower limbs
P62.28	1582: BINOY JOSEPH	Emotional labour, emotional exhaustion and occupational commitment among nursing students in India.

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P62.29	1920: L.E.R ROCHA	Risk factors associated with job satisfaction among hospital food services workers in Sao Paulo, Brazil
P62.30	1948: E.R. Iskhakov	Frequency of psychosocial factors and occupational factors among different groups of police officers
P62.31	2581: Serge Fanello	Three-year assessment of the mental suffering of the employees of a service company
P62.32	2251: Annalisa Guercio	Prevention of accidents at work: analysis and actions on human behaviour
P62.33	1495: S Mikkelsen	Exposure to work-related stressors is not associated with increased levels of cortisol
P62.34	2291: Inah Kim	The relationship between depressive symptoms and job stress and intensity of labour among Security Firm workers
P62.35	1373: M Nielsen (previously 2187: B Netterstrøm)	Sickness absence during organizational change. A 2-year follow up study among employees in Danish municipalities and counties undergoing structural reform.
P62.36	1964: W. NAM	The level of job stress among subway drivers in Korea and the various related factors
P64		Reproductive Health
P64.1	2003: A Martini (prev 2334: A Pera)	Male urogenital malformations due to parental occupational exposure to endocrine disruptors
P64.2	2205: Shuang Li	Investigation on the load of PCBs among women and children in one solid waste breaking base
P64.3	2206: PC Chen	Characteristics of maternal employment during pregnancy and congenital malformations: Results from the Taiwan National Birth Cohort Study
P64.4	2321: Yanrang Wang	Exposure of mother-child and postpartum woman-infant pairs to DDT and its metabolites in Tianjin, China
P64.5	1742: Martina Piasek	Cadmium as an endocrine disruptor in women's reproduction: dual effect and specific action in different steroidogenic cells?
P64.6	1896: G Toft	Fetal loss and maternal serum organochlorine pollutants level in Inuit and European populations
P64.7	1830: M Vigeh	Low levels of blood lead and abortion
P65		Respiratory Diseases and Work
P65.1	2301: YK Kim	Work-related asthma in South Korea : from 2004 to 2007
P65.2	2423: B Dhaniram	A survey of confirmed occupational asthma cases diagnosed between 1994 and 2004 in an aluminium smelter in Richards Bay
P65.3	2340: K Karvala	Quality of life and health of workers with asthma induced by indoor air moulds – a follow-up study
P65.4	2148: Shlomo Moshe	Clinical Manifestations of atopy as risk factors for the development of asthma in Soldiers posted in different occupations in the IDF

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P65.5	1598: J Kalnas	Examples of conditions misdiagnosed as occupational asthma
P65.6	1844: EM De Capitani	Silicoproteinosis in chronic silicosis
P65.7	2529: Nayara Quintino	Primary Health Care and the workers' health surveillance of the mineral sector: An experience in the Southwest of Minas Gerais
P65.8	2430: T Kraus	Non-response bias in a surveillance programme of asbestos related diseases
P65.9	2017: A Franzblau	Comparison of digital radiographs with film-screen radiographs for classification of pneumoconiosis
P65.10	2136: N Suganuma	International Classification of HRCT for Occupational and Environmental Respiratory Diseases (ICOERD): Viewer
P65.11	1901: P Le May	Assessment of the physical and environmental constraints for the staff of a Parisian bicycle delivery company
P65.12	1672: R. Sauni	Workplace dust exposure and smoking have a synergistic effect on alveolar fraction of exhaled nitric oxide in Foundry workers
P65.13	1783: H Löfstedt	Nasal symptoms and signs in foundry workers using the Hot Box binder technique
P65.14	1859: Anamai Thetkathuek	Respiratory symptoms and rubber trees wood dust exposure among Furniture Manufacturing factory workers in Thailand
P65.15	1092: RM Stamatin	Lung involvement at a knacker's trade worker
P65.16	1926: Xiuli Chang	Pyrrolidine dithiocarbamate (PDTC) attenuates paraquat-induced lung injury in rats
P65.17	1900: CRL Boot	Working with asthma and COPD: profiles of adaptation to functional limitations
P65.18	2033: Hiroko Kitamura	A cohort study of respiratory symptom and lung function in Japanese toner manufacturing workers: the first 3years
P65.19	1396: Y Kusaka	A supplement to International Classification of HRCT for Occupational and Environmental Respiratory Diseases on malignant mesothelioma
P65.20	1515: M.P. Accattoli	Occupational accidents, work performance and Obstructive Sleep Apnea Syndrome (OSAS).
P65.21	1976: DH Koh	Risk of admission by pneumonia in workers exposed to crystalline silica
P65.22	2306 P Vitte (previously 2357: A. Basanets)	Genetic predisposition to CWP - new approaches in prevention of disease
P66		Risk Assessment: Qualitative and Quantitative
P66.1	2278: CD Mayweather	Task-based exposure matrix toward evaluating and identifying occupational exposure to engineered carbonaceous nanomaterials
P66.2	2109: M Rauma	Basis for skin notation: Dermal penetration data for substances on the Swedish OEL list

ICOH 2009
22-27 March 2009
Cape Town International Convention Centre
SCHEDULE & INDEX OF POSTER SESSIONS

Number	Presenter	Title
P66.3	2536: CI Cornelio (previously 2780: Alberto Marcos and before that AC Contreras)	Working conditions and working environment in industrial laundries in a metropolitan setting in Argentina: A methodological approach for occupational hazards and health
P66.4	2280: J LoChang	Workplace violence prevention: e-tool
P66.5	2043: S Tziaferi	Physical hazards in hospital area: Comparison of staff's perception of risk level in two Greek hospitals, with experts' evaluation and with objective measurements
P66.6	2153: A Klusmann	Online tools for the assessment of occupational stress and risks
P66.7	2332: S Gron	Truck driver safety culture in the making
P66.8	1196: Semira Mehralizadeh	Study of absenteeism due to accidents among Coalminers
P66.9	1714: Gosia Kupczewska Dobecka	Occupational standards and endpoints for chemicals in Poland in 2008
P66.10	1714: Gosia Kupczewska Dobecka	The skin notation in the MAC list in Poland and classification of dangerous chemicals
P66.11	2545: EA Pauncu (prev 2077: B. K. Scutaru)	Risk assessment in three medium enterprises from the construction material production sector
P66.12	1661: M El Yamani	Recommendation from Afsset Scientific Committee on Occupational Exposure Limits for Toluene
P66.13	1038: ZD Paskalev	Radiation exposure of Bulgarian population and occupational exposure due to uranium mining and milling operations
P66.14	1748: HH HAHN / Mayer	FIRE Trainer 2006 – A field study at Fernwärme Wien GmbH
P66.15	1366: J. Skowroń	The role of MAC values in Polish occupational safety and health
P66.16	1727: RG Rafik Gharbi	Qualitative and quantitative environmental assessment: inescapable procedure in the management of chemical risk: a study about exposure to solvents in small and medium sized firms
P66.17	2418: K K Khatab	Analysis of childhood morbidity using Geo-additive models: A case study for Egypt
P66.18	1617: F.M Kessy	Informal metal fabricator work description, risks and intervention in Dar es Salaam, Tanzania
P66.19	2503: HTS Smedbold	The relationship between R- and S-phrases and the Norwegian OELs
